

When completed, the R&S SMB displays a list of all performed test cases and the test results (passed or failed).

**Note:** While the self test is in progress, the actual signal level at the RF output is -50 dBm. This value is not indicated in the status bar.

Remote command:

[:TEST<hw>:ALL:RESULT?](#) on page 457

## 8.5 Disposal

Rohde & Schwarz is committed to making careful, ecologically sound use of natural resources and minimizing the environmental footprint of our products. Help us by disposing of waste in a way that causes minimum environmental impact.

### Disposing electrical and electronic equipment

A product that is labeled as follows cannot be disposed of in normal household waste after it has come to the end of its service life. Even disposal via the municipal collection points for waste electrical and electronic equipment is not permitted.

*Figure 8-1: Labeling in line with EU directive WEEE*

Rohde & Schwarz has developed a disposal concept for the eco-friendly disposal or recycling of waste material. As a manufacturer, Rohde & Schwarz completely fulfills its obligation to take back and dispose of electrical and electronic waste. Contact your local service representative to dispose of the product.
